Laughin' on the highway
As we drive away
Speedin' to our freedom
Flakin' on L.A.

And we're driven cause we're dreamers
Drivin' our fears away
And we won't look back

Laughin' on the highway
Passin' through our past
Don't know where we're goin'
Gotta let this freedom last

Drivin', thrivin', and we're happily survivin'
And we won't look back

Laughin' on the highway
The desert's here instead
And we're blastin' Edie
Austin's up ahead

Won't Look Back
Won't Look Back
Won't Look Back
Won't Look Back

And we're drivin' through our dream
Drivin' our fears away
And we won't look back

Miles and miles behind us
Almost to the sea
Smilin' to the rainbow
cause we drove on to our dream
