Out of nowhere you just wanna be free

Cut me loose forget all about me

Baby tell me have you ever heard

About this little five letter word

CHORUS:

What comes around, goes around

I'm tellin you baby, it's called Karma

What goes up comes down, hits the ground,

you're gonna find out all about, all about

kkkkkkkarma

Go on, go on, go have your day in the sun

Have a blast honey have you some fun

But don't forget about that golden rule

What you do to others is gonna get done to you

(chorus)

BRIDGE:

Life is like a kaliedoscope

Changing colors every day

But if there's one thing that I know

You can't mess around with your fate

(repeat chorus x2)
