There's moonlight on the trees

paintin' silver on the leaves

it's so beautiful out here

I just had to stop and stare

that's unusual for me

I had a happy heart of stone

no voice to answer but my own

now I want more from the night

since you waltzed into my life

you couldn't leave well enough alone

(chorus 1)

Why out of all the people in this world

why did you set your sights and single

out this girl

oh...why did you have to go and

make me love you

why'd you have to go and make me

why'd you have to go and make me

love you

In an instant sweet and strange

everything about me changed

whether I want to or not

I come to you with all I've got

and I'll never be the same

(chorus 2)

Why out of all the people in this world

why did you set your sights and single

out this girl

oh..why did you have to go and

make me love you

why'd you have to go and make me

why'd you have to go and make me

love you

tell me why

why'd you have to go and make me

why'd you have to go and make me

love you

Maybe this is just a dream

or maybe this was meant to be

I just pinch myself and wonder why

(repeat chorus 2)
