Verse 1:

You sinner
You two face
I'm working
To get you
A bottle
Of heaven
Her souls far
Far from heaven

She was a girl
I was a saint
Her loves a drug
I wanna shoot it up
I wanna her love
I wanna her hate

Chorus:

I saw you leaving
I saw you go
Beauty queen
Don't let me go
You can kill me
You can rip my heart out
But I'll always be your beau
Till you leave me
Beauty queen
Don't let me go
Away
Bleed beauty queen

Verse 2:

My karma
Is coming
A stalker
Is running
The bright lights
Are shining
My dying
Is coming

Live on the edge
A razor blade
Her loves a drug
I wanna shoot her up
I want her love
I want her pain

Chorus:

I saw you leaving
I saw you go
Beauty queen
Don't let me go
You can kill me
You can rip my heart out
But I'll always be your beau
Till you leave me
Beauty queen
Don't let me go
Away
Bleed beauty queen

Bridge:

There's a high price for beauty
Dancing on your soul
If you want it enough
Your gonna lose control
Lets get wild
Lets get crazy
Make you bleed
Beauty lady
Lets get wild
Lets get crazy
Bleed beauty queen
Bleed beauty queen
