#### Verse 1:

The sun is burning flames outside  
Oh would she come in for a ride  
In her legs the road it leads to paradise so high  
She'll try to make it through the night  
The games they play are fuck or fight  
She'll drawl a plan to take the girls to paradise so high  
To paradise

#### Chorus:

She wants to run away  
She wants the sun to shine  
She wants her problems to run and hide  
She wants the big life  
She wants a piece of this

She wants to run away  
She wants the sun to shine  
She wants the girls to make her high  
She wants the bright life  
She wants a piece of her

#### Verse 2:

The taste of her sweet enough to die  
The kiss, the smile the shining eyes  
She'd give, it all to feel these moments with her again  
Dancing screaming up all night  
The place they go to get a light  
Make it wet and make it wrong  
Lets show the gods a scene tonight  
To paradise

#### Chorus:

She wants to run away  
She wants the sun to shine  
She wants her problems to run and hide  
She wants the big life  
She wants a piece of this

She wants to run away  
She wants the sun to shine

She wants the girls to make her high  
She wants the bright life  
She wants a piece of her
