Verse 1:

I'm going in for the kill
Now I've got you alone
Living just for the thrill
A crime scene zone
Liquor, lingerie
Guitar smashed through the wall
Cocaine on her face
An angel's fall

Chorus:

I just wanna make you come alive
See your face the look in your eyes tonite
We will set ourselves on fire
I just wanna make you come alive
See the flame the fire in your eyes tonite
We will set ourselves on fire

Verse 2:

Now I open my eyes
To a penthouse suite
Girls on the floor
Sin between the sheets
How we dance
How we sweat
The pickup line (she said)
I can't forget

Chorus:

I just wanna make you come alive
See your face the look in your eyes tonite
We will set ourselves on fire
I just wanna make you come alive
See the flame the fire in your eyes tonite
We will set ourselves on fire

Bridge:

Lets kiss just kiss
Before the morning comes
Lets kiss, just kiss
Get out of control tonight

Chorus:

Come alive

See your face the look in your eyes tonite

We will set ourselves on fire

I just wanna make you come alive

See the flame the fire in your eyes tonite

We will set ourselves on fire
