Ladies and gentlemen  
We have a fight  
Yet there might be a slight  
Chance that it won't continue  
Or not

I was there, I really was  
Or was it just a blow and I,  
I am insane  
Oh I don't think I care about  
Myself any more  
So was it all the same  
What I have done  
What I have said

You will spread your wings  
And you will hide  
And I am left behind  
The shade, myself and I  
It is the only part of me  
Who I am to you  
The part I feel  
I've had before

I've faced the invincible

Wait - the crush  
Intended was weaker  
Than the day before  
Wait - are you the  
End of the world  
Like the day before

You're always right  
It's your never-ending  
Mission  
I know my part:  
To be under your  
Submission  
Oh no! I know...

Well, it has become  
The time to say my mind  
I do have my own thoughts  
You know, I really do but  
I guess I should  
Have known better  
Oh well, me and I  
That before the calm there  
Is a chance of storm

From that icy world of yours  
Come descend among  
Us mortals  
(I believe) I'm in affair with  
The devil  
She is cruel, malicious  
Yet beautiful

The fight is almost over now  
Guess who is winning  
Here is a clue:  
Satan seldom admits  
She is wrong

Why are we in your hell  
We could use mine as well  
Some day you know I might  
Even try to disappear
