The lights are dimmed in the hall,  
time for us to leave, to get the curtains down.  
Time flew right by us, while we were dreaming,  
and now it seems as though it's time for us to part.  
I hear you call my name, (CHOONGHWANAAAA!)  
Been here all along, you shine on me with your love.  
Mmmm  
My life's still filled with your love, that's how I came this  
far.  
What can I do, thank my stars.  
Forever fought so hard to make my dreams come true.  
My dreams are real, but I'm still so alone.  
Noone to hold me, keep me warm at night,  
To take away the cold.  
I've longed for you oh, baby,  
Been there all along, you shine on me my love,  
My life's still filled with your love, that's how I came this  
far.  
What can I do, thank my stars.  
...[Interlude]  
Forever fought so hard to make my dreams come true.  
My dreams are real, but I'm still so alone.  
Noone to hold me, keep me warm at night.  
To take away the cold.  
Remember, all my life I've been so alone.  
Now love is what I'm dreaming of.  
Someone to hold me, keep me warm at night,  
To take away the cold.  
The lights are dark in the hall,  
Time for us to leave to get the curtains down, yeah.  
I see the tears in your eyes, I feel the pain in your smile.  
What can I do, thank my stars.  
Oh, guitar!  
...[Interlude]  
Oh, piano!  
...[Interlude]  
Oh, bass, yeah!  
...[Interlude]  
Oh, drums, yeah!  
...[Interlude] ...
