You've never been down
You always see the good in everything
If you let it slip away it will tear you apart
You've never been down
You always see the killer in the woods
If he sets his sights on you, he could eat you alive

Maybe it's my fault
Maybe I'm to blame
Could this be the end of summer

You've never been down
You always see the good in everything
If you playing with your soul
You committed wit a smile
You've never been down

You always see the killer in the woods
If he sets his sights on you, he could eat you alive

Maybe it's my fault
Maybe I'm to blame
Could this be the end of summer

This is not your day to play
Only faith could got you here
Did your moon just fall apart
Send a star to replace your soul
Love wouldn't let you stay
It's like... ?

Maybe it's my fault
Maybe I'm to blame
Could this be the end of summer
