You believe you see
You must learn to feel again
Something will change, b
Ut mainly inside yourself
Get ready, 'cause are times of change

Now It's time to try
See the things without their eyes
And turn yourself
And don't do say again
You must learn to feel other way

On Chainsaw Times
You must feel inside
On Chainsaw Times
All the stupids dyin'
On Chainsaw Times
And that tell no lies

Take a break for you
On behalf of you
I never lie
I don't know why
You wrap your life
