Will you roll with me tonight?
See the city lights
Talk about angels
Talk about you and me

So this is what I know
And it's San Francisco gold
And all this shows
As we watch the street lights glow

And we wait around for love
And we wait till we can't wait no more
Don't tear me apart

You pressure me to speak
As we walk on down these vacant streets
Are you feeling alright?
Are you feeling alright?
Yeah, I'm feeling alright

And this is where we go
(What's this you're planning?)
Is there something I should know
(I hope you're understanding me)
If I had more time (had more time)
For you to decide (for you to decide)
I'd probably be more in your life
Hands by your side

We wait around for love
And we wait till we can't wait no more
Not gonna fight it, believe it
Have to find it and receive it
Don't tear me apart
Don't tear me apart

(Don't tear me apart)

And you wait around for love
And we wait till we can't wait no more
Not gonna fight it, believe it

Have to find it and receive it
Please, just don't tear me apart.
