Let's start this off with the nervous scene
I practiced all the things I would say
And then she whispered, "truth over dare"
Maybe she's just more scared

Does she want to feel like new?
I'll tell you what you know,
What I'm thinking is true

It's a friday night affair
I'm going for the girl that wants
Nothing to do with me
Or anybody, anybody there

But lately we've been falling into key
I've got a feeling for you

Break it down for this final scene
She wrapped me up like a bad disease
She keeps on teasing me, leaving me
I'm calling her all the time
Time please tell
But then again, I think you're gone

Does she want to feel like new?
I'll tell you what you know,
What I'm thinking is true

It's a friday night affair
I'm going for the girl that wants
Nothing to do with me
Or anybody, anybody there

But lately we've been falling into key
I've got a feeling for you

I found her out by the taste of her lies
Well I don't think I'll taste her for that
I found her out by the touch of her skin
Well I don't think you'd mind

It's a friday night affair

I'm going for the girl that wants
Nothing to do with me
Or anybody, anybody there

But lately we've been falling into key
I've got a feeling for you
