This winter is rising
And you're not here
Sweetly leave
Scarlet red

So sweet, so sweet

This winter is rising
And you're not here
Sweetly leave
Scarlet red

The moon is dark
The moon is dark
We can't sleep
We can't sleep

The moon is dark
The moon is dark
And we can't sleep
We can't sleep

These conversations kill
You put me down for the last time
These conversations kill
These conversations kill

And you had me at point blank range
Square between those eyes
You let me go your feelings change
I can't, I can't help mine

I'm having to let go
I'm having to let go
I'm having to let go
I'm having to let go
Go

This winter is rising
And you're not here
This winter is rising
I swear, you're not here

So, just leave
Let's just leave
Don't fool ourselves
Don't fool ourselves

These conversations kill
You put me down for the last time
These conversations kill
These conversations kill

And you had me at point blank range
Square between those eyes
You let me go, your feelings change
But I can't, I can't help mine

I'm having to let go
I'm having to let go
I'm having to let go
I'm having to let go
Go, go, go

And I was sweetly rejected
I sweetly, sweetly fell
Fell through your hands

And I was sweetly rejected
I sweetly, sweetly fell
Fell through your hands

And I was sweetly rejected
I sweetly, sweetly fell
Fell through your hands

Sweetly, sweetly fell
Fell through your hands
I'm gone
