So this is the end  
Should we hold our breath now  
And the feeling begins  
Just like you heard about

I don't really wanna let you go till we reach the top  
(I don't really wanna let you go till we reach the top)  
I don't really wanna let you go until we fall in love

If I could dance in your eyes tonight  
I'll whisper your name to say, to say

I don't wanna waste my time  
Never really wanna hear about it  
Take these words my love

If this is the end  
With the whole world watching  
I'm driving away  
See you again someday

If I could dance in your eyes tonight  
I'll whisper your name to say, to say

I don't wanna waste my time  
Never really wanna hear about it  
Take these words my love  
(Sing to me baby)

Every time I hear your voice it makes me crazy  
Every little word you say makes me dizzy  
All these little things that make me come back home  
(Come back home)

And we understand  
(I understand)  
You got me breaking up  
(Got me breaking up)  
Got me telling you things  
That I never told myself before  
And my heavy heart

Of all these little things  
I do for you

I don't wanna waste my time  
(I don't wanna waste my time)  
Never really want to hear about it  
Take these words my love  
(Sing to me baby)

Every time I hear your voice it makes me crazy  
Every little word you say makes me dizzy  
All these little things that make me come back home  
(Come back home)
