You found a new love now
He is your type
No need to pose now child
I had to say good-bye

I heard things were better now
With your wonderful life
Your life is so perfect now
But mine just died

Do you miss me when I'm feeling sad?
I called your friends to see what you had said

Tonight, it's the weekend
Go have fun
It's the weekend
You never loved me at all, at all, at all

At all, at all, at all
You never loved me at all, at all
You never loved me at all, at all

And the places that you go at night
Are secrets in the back of your mind
And you tell me you're not second best
Know that it's a lie, it's a lie

Tonight, it's the weekend
Go have fun
It's the weekend
You never loved me at all

It's the weekend
Go have fun
It's the weekend

You never loved me at all, at all, at all
You never loved me at all, at all

And the places that you go at night
Are secrets in the back of your mind
