Cigarette smoke in an open bar
You bring it so heavy
And you move
And you move in your lover's mind
I could give anything on top

Hey, hey, I don't think that's right but

Oh, I'm tired of waiting
Yeah, just give me a sign
I want to fall in love like the first time
Like the first time

Chardonnay glass
And the girl in the dress,
She tells me to pick a number
Four more next door
And the night goes on
Money buys everything you want

Hey, hey, I don't think that's right but

Oh, I'm tired of waiting
Yeah, just give me a sign
I want to fall in love like the first time
Like the first time

There's something you should know

Oh, I'm tired of waiting
Yeah, just give me a sign
I want to fall in love like the first time
Like the first time
