

Killing The Tyrant

"Wasteland Sainthood"

I will break free
Wrath of your deity
Time worn conspiracy
Built to oversee
This world and our freedom

Follow the right hand
Waging a war for a wasteland
Look through the ages, your killing for sins
Just another bloodbath, repent!

Willing to indulge in death
A righteous illusion state
Choking the lifeblood beliefs
When seeing and believing is the truth

I'm gonna break the chains
I'll live my life my way
You won't control my destiny
And I will survive
Truth will expose the lies
Open eyes will free the blind
Your methods are losing grip
New Pathways will begin

This world... and our freedom

Bring it to the ground

I will break free, from the wrath of your deity
I will break free, time worn conspiracy

I'll see you dead before I bow down (x2)

For open eyes will free the blind
Now I can see their destiny

Now I can see their false idols

Wasteland Sainthood!
