I, I don't know why I miss you so much
Yeah I, I don't know why I still feel your touch
You, you left me feeling high and dry
With nothing, nothing but the question why

Yeah, you, I guess, you had another direction
Leaving me with nothing but a dead connection

If you call me today I'll say that I'm fine
But I bet you can tell
By the tone of my voice it's just a lie

You knew what you had, you still walked away
Leaving me in this mess
My love for you is deep and meaningless

You, you knew what you were doing to me
And I, I guess, I was too blind to see
Well, you hit where it hurt and you fooled me so bad
But I'd do it again to relive what we had, damn that's
sad

There are many things left to remind me
Of a love that I just can't leave behind me

If you call me today I'll say that I'm fine
But I bet you can tell
By the tone of my voice it's just a lie

You knew what you had, you still walked away
Leaving me in this mess
My love for you is deep and meaningless

If you call me today I'll say that I'm fine
But I bet you can tell
By the tone of my voice it's just a lie

You knew what you had, still walked away
Leaving me in this mess
My love for you is deep and meaningless, yeah
My love for you is deep and meaningless
