Standing there, I could feel it happening  
It happened to be happening to you and me  
Took me off my feet, made me pursue it  
Now you tell me, you're not mine exclusively

So I push you to one side

And then I see you again  
And I look is in your eyes  
You blew my mind but it wasn't real  
So I'm back and on the road again

Life rolls on and I'm rolling with it  
Never worried by the troubles of company  
Sometimes it sparks, sometimes it doesn't  
But I'm happy there's no dreaming of you and me

So I push you to one side

And then I see you again  
And I look is in your eyes  
You blew my mind but it wasn't real  
So I'm back and on the road again

So I pushed you to one side  
And I finally got you out of my life  
Now I've opened my eyes

Then I see you again  
And I look still in your eyes  
Yeah, you blew my mind  
But you know it wasn't real

And then I see you again  
And I look still in your eyes  
You blew my mind but it wasn't real  
So I'm back and on the road again

And then I see you again  
And I look is in your eyes  
You blew my mind but it wasn't real  
So I'm back and on the road again
