I spent a lifetime searching  
For what I thought I'd found  
But you are just the same  
It's still a losing game  
I'm a face out in the crowd

You love and you leave  
Yeah you lie and deceive  
How can you sleep at night?  
Say you're just having fun  
We all think we're the one  
What you're doing just ain't right

I can't do it, I won't say it  
My heart is breaking but I won't let you know  
I can't show it, I won't lose it  
My body's shaking and I'm ready to roll  
Am I just standing in line  
Are you just wasting my time

So you're just an illusion  
Breathing the best of me  
Got games to slow me down  
Stop messing me around  
Thought you were here to set me free

You love and you leave  
Yeah, you lie and deceive  
How can you sleep at night  
Say you're just having fun  
We all think we're the one  
What you're doing just ain't right

I can't do it, I won't say it  
My heart is breaking but I won't let you know  
I can't show it, I won't lose it  
My body's shaking and I'm ready to roll  
Am I just standing in line?  
Are you just wasting my time?

You love and you leave  
Yeah, you lie and deceive

How can you sleep at night  
Say you're just having fun  
We all think we're the one  
What you're doing just ain't right

I can't do it, I won't say it  
My heart is breaking but I won't let you know  
I can't show it, I won't lose it  
My body's shaking and I'm ready to roll

I can't do it, I won't say it  
My heart is breaking but I won't let you know  
I can't show it, I won't lose it  
My body's shaking and I'm ready to roll  
Am I just standing in line?  
Are you just wasting my time?
