How can it hurt, when I feel no pain?  
How can it heal, if I look the same?

I've been searching all my mornings  
For the last breath of a dream  
Are you drowning or just waving  
'Cause I'm tearing at the seams

I wanna live and I wanna breathe  
Always thought you'd be the one to set me free  
But I can forgive, 'cause you make me believe in  
something more  
Now I only want to live if I can find  
Find somebody to die for, find somebody to die for

How can you lose, if it's not a game?  
How can you love, if you're never gonna change?

I've been searching all my mornings  
For the last breath of a dream  
Are you drowning or just waving  
'Cause I'm tearing at the seams

I wanna live and I wanna breathe  
Always thought you'd be the one to set me free  
But I can forgive, 'cause you make me believe in  
something more  
Now I only wanna live if I can find  
Find somebody to die for

Gotta find my way, through this maze of my desire  
Come what may, bitter love or wasted time  
You might say, I'm chasing shadows in my mind  
But there's a light that guides my way to all I live for  
Somebody to die for

I wanna live and I wanna breathe  
Always thought you'd be the one to set me free  
But I can forgive, cause you make me believe in  
something more  
Now I only wanna live if I can find  
Find somebody to die for, I need more, I want more

Gotta need something more

I wanna live and I wanna breathe  
Always thought you'd be the one to set me free  
But I can forgive, 'cause you make me believe in  
something more  
Now I only wanna live if I can find  
Find somebody to die for

Find somebody to die for  
Find somebody to die for  
Find somebody to die for
