When your heart fills my mind
It's just the perfect moment
There set in my time.
Now let go of your pressured past,
Cause we have some steps to make
The rhythm is fast.
So, just dance dance dance
To rhythm of your heart.
Dance dance dance
Til mountains fell apart.
Shake shake shake
The Earth beneath your feet.
Bring the beat
Go LaLa, bring that beat.
(Oh oh oh oh ooooh
Oh oh oh oh ooooh
Oh oh oh oh ooooh
Oh oh oh oh ooooh)

A new day, a new me
And that is how the girl at least should be.
Stop waiting time, leaning on chance
Cause life is moving
So you'd better start Dance!
So, just dance dance dance
To rhythm of your heart.
Dance dance dance
Til mountains fell apart.
Shake shake shake
The Earth beneath your feet.
Bring that beat
Go LaLa, bring that beat!

Dance dance dance
Oh oh oh oh ooooh
Dance dance dance
Oh oh oh oh ooooh
Dance dance dance
Oh oh oh oh ooooh
Dance dance dance
Oh oh oh oh ooooh.

Yeah, dance dance
Come on, dance dance
Keep on moving til I got the chance
Dance to your beat, to you're gone
To the moves cause that's what I want to see, see.
Ah, I have a crush on you
I don't know what to do,
I lost my sense, my defense
I'm in love with you.
I'm so close insanity
That's why I need to know
You're here with me.
Dance with me, yo!

(X2:)
Dance dance dance
To rhythm of your heart.
Dance dance dance
Til mountains fell apart.
Shake shake shake
The Earth beneath your feet.
Bring that beat.

(X2:)
Dance dance dance
Oh oh oh oh ooooh
Dance dance dance
Oh oh oh oh ooooh
Dance dance dance
Oh oh oh oh ooooh
Dance dance dance
Oh oh oh oh ooooh.
