Chorus: 2X (first time a capella)  
Somebody scream bloody murder, inside of my head  
The executioner's plot controlled by the feds  
Take illegal action, they want Mumia dead  
This nation of savages been trying to kill us for years

[Tragedy Khadafi]  
Yo, federal indictment, militant mind enlightenment  
Son, we outburst, in the court room, full of excitement  
Face the jury, thugged out, with blind fury  
They want us all under the jail, end of the story  
Brave and heartless, we can have a million marches  
But when you black you under attack, son regardless  
Live by the gun, dunn, and die by the gun  
And revolutionize minds until freedom come

[Black Thought]  
Check it out, they wants och locked down boxed up in  
the ground  
It's war time now from how the sufferin sound  
We deep in the realm, the planet petrified  
overwhelmed  
We all stars livin life out on surveillance film  
New World law enforced, mind rape, cerebral  
holocaust  
No escape, fire for burn the execution date  
shatter, We on the front lines prepare  
I want Mumia out the cage the time for action is here

[Pharaohe Monch]  
Yo, the attempted assassination of Mumia Jabal, they  
set'im up  
I come to find out, Tupac they wet'im up  
Pharaohe, standin behind my fucking curtains  
with a double-barrle rehearsin  
Ready for war now for certain  
Uh, biological warfare suits  
Black gas masks, black boots, half-assed niggas  
become troops  
My dunns are dooper warriors than ?? now  
Plenty thug niggas are fruity now

Chorus: 2X

[Chuck D]

??? the illusion, cause I see my peoples losin  
The overall battle to keep Republic rats from chosin  
Afterall, I feel the bruising of the constitution  
When my back's against the wall, manifestin in their  
destiny  
Shit they just testin me, Mumia's spirit blessin me  
No alibi, I know Allah is not their alli  
I believe I can fly, but their type of freedom is a lie  
So fuck the government, C.I.A. and F.B.I.

[Last Emperor]

Shatan will destroy anything for the right price  
In a physical world one man cannot die twice  
To the spiritual world your soul cannot fly twice  
Yet could this be the second time they crucified Christ?  
Ask Ed Asner, the actor, after the execute'im  
There will be a peasant uprising like the French  
Revolution  
In conclusion, if you detect evil  
Free the voice of the voiceless, defender of oppressed  
people

[Dead Prez]

I say, "fuck the police," cause they been killin us for  
years  
This ain't no free country, niggas get murdered for  
their ideas  
Free Mumia means all Africans let go  
Cause just livin in the ghetto puts you on death row  
You don't know? You seen how they tried to do Assata  
Till some real niggas organized themselves and went  
and got'er  
Lotta crackers verbalize if Mumia dies, fire in the skies  
But only time'll tell the truth from the lies

Chorus: 3X
