Visit "[Pass the Popcorn](#)" on [MotoLyrics.com](http://MotoLyrics.com)

[Black Thought]

It looks like another one's comin around (3X)

So the Black Thought gots to get down y'all, yeah

\* in background: "Pass the what? (Pass the popcorn)"

4X \*

It looks like another one's comin around (3X)

So The Square Roots gotta get down, bust it

Yo, I wrote this, basement, Never Never Tunnels type  
portion

Just to accompany some audio distortion

Bust the popcorn, drop it onto my cassette and

bust it, Kid Crumbs, how ya feel? (I'm feelin blessed  
man)

Yeah, The Square Roots be the setters of examples

Findin rhythm in the static of your samples

Makin you move to the groove as we sooth

the ear of the listener on the musical

Prisoner G, now you're free you can be all you wanna  
be

Go where you want or go and see all you wanna see

Because yo, your ambitions I won't neglect

And to the brothers who ain't here, nuff respect

So BROther ?uest, how ya livin, what ya givin black?

To me the brother with the linens and the applejack;

busy til the break of dawn

The first verse is poured I pass the popcorn

\* in background: "Pass the what? (Pass the popcorn)"

4X \*

It looks like another one comin around (3X)

So the Black Thought had to get down y'all, yeah

\* in background: "Pass the what? (Pass the popcorn)"

4X \*

It looks like another one comin around (3X)

?uestion would you come and get down, bust it, c'mon

[?uestlove]

Check it out, secondly

it's me the BROther ?uest from the S-Q-T (Square  
Roots)

And he's Black Thought, the boy you know is (FUNKY)

The rhythms I recycle sometimes prehistoric

The mic for the popcorn's like it's metaphoric  
(metaphoric baby)

So many different factors in the ?uestion's style

Arrhythmic by the end, I'm givin more than one child

Abstract soloist comin from the heart

All the way from Philly, from the West part

Relax your mind and let your body be at rest

Flow in slow mo', and let the BROther manifest

Now the second verse has been pourn

On to Kid Crumb I pass the popcorn

\* in background: "Pass the what? (Pass the popcorn)"

4X \*

[Black Thought]

It looks like another one comin around (3X)

?uestion ripped the set and got down baby, yeah

\* in background: "Pass the what? (Pass the popcorn)"

4X \*

It looks like another one comin around (3X)

Kid Crumbs would you come and get down, c'mon

[Kid Crumbs]

Blessed is the next at the second still before the 4th is  
passed

I'm gassed off the edible raps, and that's illegible

Tommy used to bug, when I come around

Screamin at the top of my lungs -- you gots to get down

Now, they heard the sound and wanna give the kid a  
pound

on the down low \*whispering\* Relax baby, keep it  
underground yo

From the crown of notty hair that I wear to the funk feet

Wonder why the sisters dig the brother missin five  
teeth

Peace I gots to rock so pass the popcorn and shit

Quick to lick a shot to umm, Wheezy, and Cricket

Used to kick it in the house until I got myself evicted

Now The Crumbs is restricted to the popcorn, elected  
from The Roots, I griff the rest and share the stash of  
popcorn

Back to Black Thought, rock on (and on)

And on (and on) and on (and on)

And on (and onnnnnn), pass the popcorn!

\* in background: "Pass the what? (Pass the popcorn)"

4X \*

[Black Thought]

It looks like another one comin around (3X)

Kid Crumbs ripped the set and got down Baby Pah!

\* in background: "Pass the what? (Pass the popcorn)"

4X \*

It looks like another one comin around (3X)

Black Thought, you know I gotta get down, bust it, yo

Honey, glazed, amazed at the art Black Thought displays

I get mad props and the compliment pays

Makin me more funky and it shows on stage

Word right BROther cause I'm goin through a phase

I wanna be a pioneer so trails I blaze

Straight past the days when I used to be enslaved

But don't eat all the popcorn BROther ?uest (What?)

Yo BROther ?uest say it

A bit for my hit makin it legitimate and give

credit to the attitude you set it don't forget well it's

gotta be live, cause that's the way I'm rockin it and

pop-corn is in my pocket then I guess it's rockin yo,

the S-Q-T'n, Black Thought of seeing

I know you're all agreeing, I'm rocking and I'm being

Ripping another chapter, just for you to clap ta

To the sounds of vexed I make you step just like a

camper

I pass, the popcorn, the mix I drop on the mic

gon', have you hummin my song, all the way home

It's cool and as long, as you and the song, be mellowin

out

together cause it's kind of peace I'm not embarrassed

as I pass the popcorn, and get off the dome

Yo BROther ?uestion, yo Rubber Bandz Square Roots

take it home

\* in background: "Pass the what? (Pass the popcorn)"

4X \*

Another one's comin around

It looks like another one's comin around (2X)

When the Foreign Objects get down y'all, yeah

Looks like another one's comin around  
It looks like another one's comin around (2X)  
When Crumbs and the Po'Fo' gets down, yo

When the group MU6 gets down, and yo

And when the man Black Thought gets down  
It looks like another one's comin around (3X)  
When my man Mr. Crumbs gets down..  
It looks like another one's comin around.. (shut up!)
