Ohh, the fire, the fire
Ohh, the fire, the fire

There's something in your heart
And it's in your eyes
It's the fire, inside you
Let it burn

You don't say good luck
You say, "Don't give up"
It's the fire, inside you
Let it burn

Yeah, and if I'm ever at the crossroads
And start feeling mixed signals like Morse code
My soul start to grow colder than the North Pole
I try to focus on the hole of where the torch goes

In the tradition of these legendary sports pros
As far as I can see, I've made it to the threshold
Lord knows I've waited for this a lifetime
And I'm an icon when I let my light shine

Shine bright as an example of a champion
Taking the advantage, never copping out or cancelling
Burn like a chariot, learn how to carry it
Maverick, always above and beyond average

Fuel to the flame that I train with and travel with
Something in my eyes say I'm so close to having the
prize
I realize I'm supposed to reach for the skies
Never let somebody try to tell you otherwise

There's something in your heart
And it's in your eyes
It's the fire, inside you
Let it burn

You don't say good luck
You say, "Don't give up"
It's the fire, inside you

Let it burn

One love, one game, one desire
One flame, one bonfire, let it burn higher
I never show signs of fatigue or turn tired
'Cause I'm the definition of tragedy turned triumph

It's David and Goliath, I made it to the eye of the storm
Feeling torn like they fed me to the lions
Before my time start to wind down like the Mayans
I show 'em how I got the grind down like a science

It sounds like a riot on hush, it's so quiet
The only thing I hear is my heart, I'm inspired
By the challenge that I find myself standing eye to eye
with
Then move like a wise warrior and not a coward

You can't escape the history that you was meant to
make
That's why the highest victory is what I'm meant to take
You came to celebrate, I came to sever great
I hate losing, I refuse to make the same mistake

Ohh, the fire, the fire
Ohh
There's something in your heart
(The fire)
There's something in your heart
(The fire)

There's something in your heart
And it's in your eyes
It's the fire, inside you
Let it burn

You don't say good luck
You say, "Don't give up"
It's the fire, inside you
Let it burn

Ohh, the fire inside you
The fire inside you
The fire inside you
The fire inside you
