C'mon, yes y'all You are now in tune to the sounds of the legendary foundation

Yeah, you go
Hey you listeners, stop what you're doin' and
Set it in motion, it's the next movement
You listeners, stop what you're doin' and
Set it in motion, it's the next movement

Word up, we got the hot hot music, the hot music

Yo, one, two, one, two one, two
That's how we usually start, once again it's the thought
The Dalai Lama of the mic, the Prime Minister thought
This directed to whoever in listening range
Yo the whole state of things in the world 'bout to
change
Black rain fallin' from the sky look strange
The ghetto is red hot, we steppin' on flames

Yo, it's inflation on the price for fame
And it was all the same but then the antidote came

The Black Thought, ill syllablist, out the Fifth
This heavyweight rap shit I'm about to lift
Like, a phylum lift up it's seed to sunlight
I plug in the mic, draw like a gunfight
I never use a cordless or stand applaudless
Sippin' chlorophyll out of ill silver goblets
I'm like a faucet, monopoly's the object
There ain't no way to cut this tap, you got ta get wet
Your head is throbbin' and I ain't said shit yet
The Roots crew, the next movement, c'mon

And yes y'all You are now in tune to the sounds of the legendary foundation Check it out Testin', yo, you go
Hey you listeners, stop what you're doin' and
Set it in motion, it's the next movement
You listeners, stop what you're doin' and
Set it in motion, it's the next movement

Word up, we got the hot hot music, the hot music

Word up, the formation of words to fit
That's what I usually disturb you with
A lot of rappers never heard of this or know half the
time it is
You doubt the Illa-Fifth, what could you accomplish?
Whether they skywriting your name, or you anonymous
You be speechless, with stinging sinuses
The Roots royal highnesses through your monitors
I tilt my crown, then blow down a diamond kiss
You need to buy a CD and stop rewindin' this
I'm the finalist, shinin' like a rugged amethyst
And at your music conference, I'm the panelist

Listen close to my poetry, I examine this
Like an analyst, to see if you can handle this
You, got the groove, emcees, freeze, stand still,
nobody move
Unless you dealin' with the next movement
The P-Phi-D we be the monument
I live my life nice but I'm not too bent
You theatrical as a Broadway play, this ain't rent
One hundred percent, straight out the Basement
Spreading this across a planet on some next shit
How many people feelin' this love music? C'mon

Yo, you go

Hey you listeners, stop what you're doin' and Set it in motion, it's the next movement You listeners, stop what you're doin' and Set it in motion, it's the next movement

Yo, we got the hot hot music, the hot music
The hot music, the hot music

Check it out, yea yea
