I'm trying to figure out, why you driven, why you wailing
out

On me, on me,

That's the ... joy, come, yeah

I know last night was sposed to be dinner and a movie
Till we got to sipping and kissing and happen moving
I didn't had no intentions to do what I end up doing, to
you

I tried to take it easy with you just kept, teasing me

I could ... myself, ...I had to do what I had to do

Last night I gave you more than just some, hey

But Shawty there's more where that came from, girl

When you want so more, you ain't gotta call up my
phone, leave a message

You ain't gotta knock on my door, leave a message

All you gotta do is, leave a message

When I'll get it, I'ma hit it, I can turn it up again

I thought I was dreaming but it turned out to be true
Was up there and I was down under you

I know, I know, I know, I know bizness going out low

But I did, I had to cause, you just kept, teasing me

I could ... myself, ...I had to do what I had to do

Last night I gave you more than just some, hey

But Shawty there's more where that came from, girl

When you want so more, you ain't gotta call up my
phone, leave a message

You ain't gotta knock on my door, leave a message

All you gotta do is, leave a message

When I'll get it, I'ma hit it, I can turn it up again

Where I'm at, who I'm with, that's irrelevant

Even I know, I'm trying to brush you off

I know what's up, you know what's up too

Don't be so complicated, I'll be back to give it to you

Last night I gave you more than just some, hey

But Shawty there's more where that came from, girl

When you want so more, you ain't gotta call up my
phone, leave a message

You ain't gotta knock on my door, leave a message

All you gotta do is, leave a message
When I'll get it, I'ma hit it, I can turn it up again

I promise you girl, I wanna turn it up again
One day soon, maybe tomorrow, yeah
Maybe this weekend, maybe next week oh
Or maybe this weekend, we will do it again
Let's have our joy.
