I don't want you to give what you don't have  
Don't make a vow that you cant keep  
I don't want you to change your position  
Don't hang around just to please me

But I have one request  
And if you don't think it is senseless  
Let me give you something else

Let me love you  
Let me love you  
Free of all rituals  
Nothing habitual  
Something that you can sink your teeth into

Let me love you  
Let me love you  
Free of where have you beens  
Free of what state were in  
Something that you can fall right back into  
My love for you

We can go deep if you need to  
I won't draw a line that runs against you  
Don't hold back if you're afraid to  
A sensual sin is what awaits you

But I have one request  
And if you don't think it is senseless  
Let me give you something else

Let me love you  
Let me love you  
Free of all rituals  
Nothing habitual  
Something that you can sink your teeth into

Let me love you  
Let me love you  
Free of where have you beens  
Free of what state were in

Something that you can fall right back into  
My love for you
