[Originally by Shania Twain]

Well, baby, when I first saw you we were at the Hippy
Rock Show
You called me an ignorant male oppressor and spat in
my face because I like meat
But the first time I got a whiff of that Petuli you were
wearing I knew it was love
I think we're going to make it

Looks like we made it
Look how far we've come my baby
We mighta took the long way
We knew we'd get there I someday
They said, "I bet they'll never make it"
But just look at us holding on
We're still together still going strong

[Chorus:]
You're still the one I run to
The one that I belong to
You're still the one I want for life
You're still the one that I love
The only one I dream of
You're still the one I kiss good night

Ain't nothin' better
We beat the odds together
I'm glad we didn't listen
Look at what we might be missin'
Looks like we made it

They said, "I bet they'll never make it"
But just look at us holding on
We're still together still going strong
