I can't stand it anymore, I am trapped inside of me
Yes, I wake myself up and the reflection in the mirror
(is not me)

From my head to my toes
I change into a different me
Now it's the beginning
I don't want to hide it anymore
Whatever I show you, no matter how you see me
Don't judge me

I will show you a different me
I will spread my hidden wings
Don't look for the me trapped inside of you
I will dance till my entire body is wet

Dual life, I'm living a dual life
Dual life, I'm living a dual life
Dual life, I'm living a dual life
You will be shocked when you see the different me

BEAT A MINION BEAT A MINION

I want to fly freely high in the sky (I want to fly)

From my head to my toes
I change into a different me
I don't want to lose myself
Now, I want to find myself
I don't want to be trapped in the boundaries I created
Now it's the beginning

I will show you a different me
I will spread my hidden wings
I will wake myself up from the spell
The day and dual life dual life dual life

I will find my own world
I will fall into my electrifying charm
Don't look for the me trapped inside of you
I will dance till my entire body is wet

Dual life, Iâ€™m living a dual life
Dual life, Iâ€™m living a dual life
Dual life, Iâ€™m living a dual life
You will be shocked when you see the different me

Donâ€™t view me lightly
I will find myself now oh
Woo, give me courage oh oh

Now I believe in myself, my fantasy in my heart
Now I wake myself up, ooh ooh, the fantasy in me

Dual life, Iâ€™m living a dual life
Dual life, Iâ€™m living a dual life
Dual life, Iâ€™m living a dual life
You will be shocked when you see the different me

Dual life, Iâ€™m living a dual life
Dual life, Iâ€™m living a dual life
Dual life, Iâ€™m living a dual life
You will be shocked when you see me tonight
