[Quik] Gotta keep it a secret (woo!)  
[Luda] Ay man let me ask you somethin man  
[Luda] You ever have one of them days where you felt like  
[Luda] you mighta got rid of all the bad seeds in your life?  
[Luda] Y'knahmean like you just got your paycheck  
[Luda] Paid off a car note or somethin  
[Luda] Just jumped out the shower feelin fresh than a muh'fucka  
[Luda] Witcha good shoes on, y'knahmtalkinbout?  
[Quik] You mean like, paid off a Cadillac car note?  
[Luda] Like a Cadillac, like you ready to throw a party  
[Luda] Like call e'rybody you know, don't even plan it, just do it  
[Quik] In Compton we call that "spur of the moment"  
[Luda] Well let's do it, spur of the moment, whattup?

[Ludacris]  
Well you can bring the drinks a little mo' my way  
More I say, on another hot sunny Cali-for-nye day  
Just touched down, called up my 8-1-8  
fo' a date with some other bust downs  
And I cruised up the block, car losed up the top  
I take the breeze, quick break the trees  
Feel good as we flippin through the Robb Repo't  
My baby mamma ain't trippin on child suppo't

[DJ Quik]  
Because she can't support that garbage, she should come pay homage  
When we pair 'em, we gon' share 'em, when I'm finished we all switch  
I ain't really got the time, yo I'm chillin with Luda-  
-cris stop and twist the buddha got me feelin like this is it  
If we gon' party, we gon' sip, we got a bar  
We all in shape, we gon' go far, you can't stop the car  
We on the freeway, if you get out you burnt  
You woulda thought you woulda learned me when my hair was all permed

I think y'all bullshittin with it dawg

[Chorus]

It's on tonight, get licked, get gone tonight

[KJ] And for once, in my life, everything's gonna be,  
alright

G'd up, my mind is freed up

[KJ] From the day, through the night, everything's  
gonna be, alright

[DJ Quik]

Arabian Spruce, Seagram's bumpy and juice

We used to bag and then truce, we used to sag and get  
loose

Not the kind of cats that would jump in your bag for  
your jewels

But to put some money in it for your drink and your  
shoes

We get the News like MTV, every ten to the hour

We play Mario Brothers, we eat the 'shroom and get  
power

Now eat your sour powers, and use your dental floss

What does bein mental cost? If you ain't knowin you  
already lost

[Ludacris]

So stay with me, and let's get tipsy

Rememberin the days on the block sippin whiskey

Runnin 'round grinnin, runnin 'round sinnin

Gettin lit, then I wonder why my head kept spinnin

But I'm all grown up now, less throwin up now

Record blowed up, so my hood throwed up

Now let's break loose cause your boy's around

And tonight we gon' celebrate bein allowed riiiiight

[Chorus]

[Ludacris]

It's just one of those days, without a care in the world

You ain't gotta look mean, I know you care for your girl

But she's lookin this way and I'm gonna come get her

Fresh haircut, so I'm feelin quite kipper

Can't nothin go wrong cause my strap's on my back

And if fools wanna scrap then my tool will attack

But forget the click-clack, ain't no need for the steel

Just a straight house party and some meat on the grill

[DJ Quik]

If it's Los Angeles, watch a boss handle biz

I'ma put this on my kids, stupid it's an outfit

If you ain't been around the world keep yo' mouth

zipped  
Cause I do {?} elevation  
You see I'm not normal and I'm not a homo  
I'm mo' apt to shoot a porno with you in cornrows  
And call it "More Hoes: Volume 5, Volume 6"  
And show it in the back of my truck, at the picnic

[Chorus] - repeat 2X
