Gangsta time  
Where my gangstas at?  
Gangsta ville  
Where all my gangstas at?  
You know it ain't a gangsta ville without a dog pound  
And a hog nigga, yea, special dedication  
To all my gangsta niggas and to all my gangsta bitches  
I'm sick wit it tho, check it out  
I used to mash through the crowd  
Makin' bitches wonder damn that nigga B-Legit's the  
man  
It was 65 grand for the land  
450, 4 by 4, hit the strip slow  
Windows on tint so they can't look in  
It's me the kingpin hit and Mac 10  
On a trip about to hit up the 6, should I give up  
Them niggas run up, they fucked, now what  
Huh, who's that? That nigga Kurrect  
G'z up, hoes down, muthafucka blaze up  
D.P.G.C. muthafucka g'd up  
In all blue and gray all day always  
Let the dogs out muthafucka  
Hear the barking see the homies G-walking gangsta  
talkin'  
Bitches low on dick often very often  
Lil' beeyotch 135 pounds of all diack  
I keep the house always stoppin' them dubbz to the bay  
Fina fuck with B cousin and E fo tay  
From my hood to yo' town it's all about the cash  
Got the check and the hoe checkin' off in the stash  
Don't worry 'bout Nathan, we out there slangin'  
Mac an' Kurrect stay down for whobangin'  
Keep a fat sack of dope an' fo sho I'm Dealy  
Maine, the first foo crossin' fo sho I'll kill 'em  
Where the gangstas at? Where the gangstas at?  
Tell me where the homies and the gangstas at  
Where the gangstas at? Where the gangstas at?  
Tell me where the homies and the gangstas at  
Where the gangstas at? Where the gangstas at?  
Tell me where the homies and the gangstas at  
Where the gangstas at? Where the gangstas at?

Tell me where the homies and the gangstas at  
We gone keep it gangsta ain't go to pop  
Push the six double O and the Rarri drop  
Get the two tickets spread on top of the hill  
Niggas bellin' 'em chucks makin' over a mill+  
Keep the studio full of groupie hoes and choosas  
In the gut bruiskas an' three time losers  
Mac 10 still thuggin', thats what's expected  
And I vow to keep it ruff as long as I'm connected  
Man I don't give a fuck about a bitch  
Man I won't ever ever give em' shit  
I hit the switch about 5 times  
Then I make a switch and bust 5 rhymes  
Swerve wit a homie that can serve 5 verbs  
Man that's the life then go home to my wife  
With my pistol [Incomprehensible]  
Retire a nigga, now I'm a let my girl write my first verse  
I hear it's funk on board, they need to let that go  
Got killas gettin' down for a brick of snow  
And for the right doe have your head chopped  
Tag the drug, bitch you fuckin' with thugs  
No time for pleasures, I got mills to buy judges  
They rush us, tryin' to get too fast to touch us  
They bust us, no we all burn for scraps  
So tell me where the homies and my gangstas at  
Where the gangstas at? Where the gangstas at?  
Tell me where the homies and the gangstas at  
Where the gangstas at? Where the gangstas at?  
Tell me where the homies and the gangstas at  
Where the gangstas at? Where the gangstas at?  
Tell me where the homies and the gangstas at  
Where the gangstas at? Where the gangstas at?  
Tell me where the homies and the gangstas at  
Where the gangstas at? Where the gangstas at?  
Tell me where the homies and the gangstas at  
Where the gangstas at? Where the gangstas at?  
Tell me where the homies and the gangstas at  
Where the gangstas at? Where the gangstas at?  
Tell me where the homies and the gangstas at  
Where the gangstas at? Where the gangstas at?  
Tell me where the homies and the gangstas at
