Wake up!
It's all about deceit
You can't move your feet fast enough
Try to get away
Fucker, you think you fucking slice
You're a little bitch with no balls and a little dick
Twisting, turning, smashing, crushing
Can't stop thinking, my head is pounding
Shithead, you backstabbing fuck
I hate your fucking guts
Try again, cause it doesn't hurt

Time to pick yourself off the floor
Scrape off everything you've learned before
Slice your wrists until you bleed to death
This game is over
Try again

Dammit!
You don't like your life
You don't want your life
Grab a knife take a piece of mine
Asshole!
It's everything you say
In every little way you live your life every fucking day
Twisting, turning, smashing, crushing
Can't stop thinking my head is pounding
Bullshit!
It's always something else
Your talking out your ass
Get some balls, cause it doesn't hurt

Time to pick yourself off the floor
Scrape off everything you've learned before
Slice your wrists until you bleed to death
This game is over
Try again
