(FU-K!) It's back again  
Just go away  
The image of you still appears - always  
You were everything I wanted  
You just slipped away  
Yeah you want me to leave my head  
Without your warm embrace  
I feel out of place  
Why can't we stop this cycle?  
Let me be your disciple  
Because you meant so much to me

Wait, what am I think'n?  
You'll forsake (FU-K) me with out blink'n  
Without blink'n  
I can't feel the grief  
I fall down to my knees  
My knees  
I feel that I would die  
Without that lost sparkle you eyes  
Oh, ... in those eyes  
Those eyes that lie  
Yeah Yeah

Do you ever sit down and cry?  
When you do not even know why  
you lied?  
I ponder this question always  
Are we really unconscientiously soul-less?  
You're so soul-less!  
But it doesn't matter now  
'Cause the drug is growing fatter  
It's growing more and more and more  
Let me give you what you need  
Love and not greed  
For your taste I plead

Wait, what am I think'n?  
You'll forsake (FU-K) me with out blink'n  
Without blink'n  
I can't feel the grief  
And fall down to my knees

My knees  
I feel that I would die  
Without that lost sparkle in those eyes  
Those eyes that lie  
Yeah Yeah

Why can't I just taste you one more time?  
Feel the poison on my lips and cry  
I just want to taste you  
Why can't I taste you?  
Just let me taste you!

Wait, what am I think'n?  
You'll forsake (FU-K) me with out blink'n  
Without blink'n  
I can't feel the grief  
And fall down to my knees  
My knees  
I feel that I would die  
Without that lost sparkle in those eyes  
In those eyes that lie ...  
Those eyes that lie ...  
Yeah Yeah,  
Yeah Yeah!
