The first time I saw you
Was the first time I saw me
For what I was
And what I could be
We like all the same things
Except you don't like yourself
I'm gonna change that
I can tell that I'll love you after today
And before tomorrow

The next time I see you will be
The first time you'll see me
For what I am
And what I will be
I don't want you to worry about that
Murderer called time
My vocabulary
Doesn't know goodbye
I will think of you after today
And before tomorrow

Time marches on

The last I see you will be
The last time you'll see me
The way I was
When I was happy
I know I'm not the most exciting out there
I'm not always brave
But if you tell me a secret
I'll take it to my grave
