Leavin' 99 we're really having a good time
Over & over now
Show me just tonight
The way to follow the light... I wanna fly

Let it go, let it go
We gotta party
Time has run away
Time is rolling now
We got a ticket to ride the night
Baby don't go
Stay here... all right

1999 It's really magic tonight
Switch on the light of fire

Bye bye 99 we're ready to celebrate
A special moment with you so tender
1999 look out the window tonight
Somebody keep on dancing
Bye bye 99 rise up your hands, so let's go
We got a ticket to fly together

Time is passing by
We have a lot of fun & joy
Forever & ever, so
Like a ray of light
I feel the music tonight
Just me & you
