I wanna tell you my name is go go
And you can listen to me babe
I wanna give you music & fever
I wanna give you all my feelings

Japan Japan I'm ready to come
Don't be afraid just waiting for...
For this night take you high
You can hear me tonight
Don't you keep me hangin' on
Dance the floor

Big in Japan go baby go
I'm ready to take you high
Big in Japan will you let me know
I wanna feel: all your need is love
Come on yeah!
Big in Japan ready to go
I'm ready to dance the night
Big in Japan wanna kiss you more
And more again till the morning lite
Come on and take it easy

The funny sisters couple of coconuts
We won't be like Thelma & Louise
Gonna be happy happy to see ya
We're gonna make it big together
