Cradle rock..

If I was a cradle, then you'd let me rock.

If I was a pony, then you'd let me trot.

If I was the atom, you'd split me into three.

But when I want to see you baby,

How come you lock your door on me!

Owww....

If I was a baby, you wouldn't let me fall.

If I was an outlaw, you wouldn't have me caught.

If I was a tiger, you wouldn't have me caged.

If I was somebody else,

Then you would act your age!

you'll miss out if you, leave me out of your,

Day and night, I been trying to make you see that.

Hear what I got to say,

it's all about me and you!

If I was a blind-man, then you'd make me see.

If I was a deaf-man, you'd give me ears to hear.

If I was a lame-man, you'd give me legs to walk.

But if you were true to me baby,

Then listen when I talk.

Owww....

If I was a cradle, then you'd let me rock,

If I was a pony, then you'd let me trot.

If I was the atom, split me into three.

If I want to see you baby,

don't you lock your door on me
