Ancient is she, like the stone you embrace  
Called "Atla the Witch"  
Mistress or woman, the were-woman stands  
Pretending the love of a King....

Lives in the moor, the dark dagon's moor  
Protected by enchants and runes  
Atla The Witch knows something that you need  
The way to the ruins of hell

[chorus]  
The Witch, The Witch, The Witch, The Witch  
Follow The Witch..

The Witch, The Witch, The Witch, The Witch  
In to the circle...

Beyond her eyes knowledge and truth  
Atla the Witch  
She seems a savage , savager than you  
For the clothes and the black hair she got  
From the red lips, comes out a sneer  
Illusion of human appear  
Two Bared teeth reveal her essence  
Beast or woman, the were-woman stands

Falling in the darkness  
Through the rottenness  
Feel my anger  
Deeper than thy Hell
