Thinking 'bout my old bitch
I'd fuck my old bitch
Pocket full of bands like my old whip
Smoking on that crank daddy
That's my old pimp
Catch a nigga like it, it's a wrap, no gift
Everyday I'm high, smoking, nose bleed
Like I'm tryina o.d., my hoes call me 'Goldie'
I'm acting like I flip up, all I know is sucker free
Get money, sick puff, I'm a diamond in the rough

All I know is flame up, probably break flame up
'Round here goes that chain molly, I've got a stain
...
Bitch let me and my man fuck, we could make you
famous
Stay fly on some plain shit, baby fly and she get me my
head
Oh, some brand shit
Fuck the past V12, I can't quit
And she came back, miss your bitch, you can train that
40 on that bang night, strip club, I might rain that
All honeys wanna chain that
I'm like 'shorty, what that mouth do?'
Speak into my microphone and tell me something
about you
My girl, they like girls, too, molly surely got those two
You don't have a partner, baby, you should let me
coach you

Thinking 'bout my old bitch
I'd fuck my old bitch
Pocket full of bands like my old whip
Smoking on that crank daddy
That's my old pimp
Catch a nigga like it, it's a wrap, no gift
Everyday I'm high, smoking, nose bleed
Like I'm tryina o.d., my hoes call me 'Goldie'
I'm acting like I flip up, all I know is sucker free
Get money, sick puff, I'm a diamond in the rough

All I know is power, spider pole up
Bitches get around me, in turn they hoe up
See your bitch about a lipo problem
We, nigga, get your hoe working
Jugging on my swash, she like my car, she love the
motor
Yeah, you know a young nigga balling day
All the bad boys yâ' all calling me
Just might blow this concert, babe
On the first day she went all the way
Bring your girlfriend and we all can play
Iâ'll take it down, they jumping me, well my dick needs
some company
I really love some girls specially when they love some
girls
We share drugs and we share girls, what am I gonna
do with all these girls?
Iâ'm gonna turn up with these girls
Iâ'mma pop a couple mollies with these girls, then Iâ'll
beat on one of these girls

Thinking âbout my old bitch
Iâ'd fuck my old bitch
Pocket full of bands like my old whip
Smoking on that crank daddy
Thatâ's my old pimp
Catch a nigga like it, itâ's a wrap, no gift
Everyday Iâ'm high, smoking, nose bleed
Like Iâ'm tryina o.d., my hoes call me â'Goldieâ'
Iâ'm acting like I flip up, all I know is sucker free
Get money, sick puff, Iâ'm a diamond in the rough
