I swear to God I'm gonna get money till my heart stop  
Hot body Luggati till the Lord take me  
White body massage when it's the right turn  
I may just drop the top and let the wild go

Ghost come out the hood, it's a motion picture  
I'm important in the hood for me no dismissal  
Design the clothes and force deaf and dirty money  
24/7 worry every day's a sunday

And my bitch bottom game really like shawty nay  
Make one phone call and have my shawty's bang  
Smoking arrie mary jane just to entertain  
Her life is a movie I should be on big screen

[Hook x2]

Sex , money and drugs this movie rated R  
Once I fuck up the club pop in the latest car  
Mixing designer clothes as well as champaigne  
Do it big today tomorrow same thing

Money , dance , hella bangs I got racks on me  
Freshened up Louie dope like I got crack on me  
Shoe string for machine I got that mac on me  
High heels be cool for we wack homie  
Turn a human into a ghost if he do the most  
Chow we rose over dinner raise your glass and toast  
Hard work paying off thumbing through the gross  
And we just getting started plenty more to go  
More benz, more benz get the team rich  
Smoking blunt after blunt got me sky high  
Smoking dope all day I'ma die high  
I'll forever live young, I'ma die fly
