Silence, hark and behold
Shattered fields, substantial darkness... and a
swallowed sun
A sudden void, a sacred ground... where Death has
sung

EinhÄrjar - Die before us one and all
EinhÄrjar - Chosen to die by the glimpse of an age
EinhÄrjar - Die before us one and all
EinhÄrjar - Reunite, we all shall fall

HÄrjafader, a woven fate in the hall of the slain
HÄrjafader, and a shadow of a thousand...
... when the Wolf comes!

A glance cold, dreadful to witness... and to hold
Since dawn of time, awaiting... yearning unfold

EinhÄrjar - Die before us one and all
EinhÄrjar - Chosen to die by the glimpse of an age
EinhÄrjar - Die before us one and all
EinhÄrjar - Reunite, we all shall fall
