In memory of V?mod stand these runes  
But Varin wrote them, to his son  
This I tell second to nine  
Generations ago lost hid life  
With the Reidgoths, and he died  
With them, because of offences  
Tjodrik the bold  
King of sea-warriors  
Rules over Reid-sea shores

Now he sits armed on his Gothic horse  
Shield strapped, prince of M?rings  
That I tell the twelfth where the horse of Gunn  
Sees food on the battlefield  
This I tell the thirteenth, which  
Twenty kings sat on Sj?lland for four  
Winters, with four names  
Born to four brothers

Five Valkes, sons of Radulf  
Five Reidulfs, sons of Rugulf  
Five Haisls, sons of Hord  
Five Gunmunds, sons of Bj?rn
