safe to convert flash
and transfer to your computer
via usb
safe until we crash
and transfer to your destiny
via you and me

seconds for days
just let it go away

if I try not to try
we will lose it again
if I try not to try
if I try not to try
we lose it again
if I try not to try
perfection till deception
right round no inspiration
if I try not to try
we will lose it again
if I try not to try

say we're meant to last
now answer to your history
with no warranty
we can't make it right
now go on to the next story
with no tragedy

seconds for days
just let it go away

if I try not to try
we will lose it again
if I try not to try
if I try not to try
we lose it again
if I try not to try
perfection till deception
right round no inspiration
if I try not to try

we will lose it again
if I try not to try

if I try not to try...

if I try not to try
we will lose it again
if I try not to try
if I try not to try
we lose it again
if I try not to try
perfection till deception
right round no inspiration
if I try not to try
we will lose it again
if I try not to try
