[Intro]

(Baby) Yeah

I mean, I mean

(Let's talk about, what you mean?)

Y.A

(It's all good you know)

Roscoe

(I don't know about the J-Lo)

(Crib? Uh-uh, naw baby)

(Call me later, aight?)

[Verse One]

Every morning when I wake up and open my eyes

I check my pager to see what up with all of my wives

They all love me and occasionally they hear of each other

But they never bump into one another

See I'm a real player baby

I got my act down cold, play the roll

Believe what you wanna believe

You want me to leave? I'm out!

I don't need this grief

You probably the type of chick that would call police

Shoudn't never got involved wit cha

But see it all it went down so quick and now it's hectic

I couldn't care a girl so fine, but so lost in the mind

To me it was just a good time

So don't sweat me and I wont sweat you

You don't forget me and I wont forget you

I'ma try to do this thang right

So every single time we do get together

We make it special like last night

[Chorus: LaCrisha] + (Roscoe)

Scodie (Whassup?)

Why you act like you don't know me? (Say what?)

After all the things you told me, last night (Yeah)

Last night, Last night (Last night)

Last night (Yeah, Why you act like? Scodie why you act like? Yeah)

[Verse Two: Roscoe] + (LaCrisha)

We started all slow wit da park, just chillin

Politician, I remember (last night)

It was such a good feelin' I can never forget

The way we met baby, I remember (last night)  
See it's plain and simple  
There was a chemistry that couldnt be coincidental  
Like it was ment to be  
Intimately, mentally, sensually, physically  
It was devine destiny for you to get with me  
Lookin' all good, the smellin' all bombs  
Straight up out the hood labeled as a dime  
You said you got a record, you could make it after nine  
Im chill'd wit that, but then you hit his brother back  
You said you called out and I should come where you  
was at  
I knew it was also known as "I got directions to the  
flats"  
So I hit the gas station to get a pack of magnums  
Cause anything can happen, I remember (last night)  
[Chorus: LaCrisha] + (Roscoe)  
Scodie (Whassup?)  
Why you act like you don't know me? (Haha, yeah)  
Why you actin baby? (Say what?)  
After all the things you told me last night (Haha, yeah,  
yeah)  
Last night, last night (Last night)  
Last night (Last Night, yeah, yeah)  
[Bridge: LaCrisha]  
You said the right things, you blew my mind  
Whispered sweat words, sayin you want my ties  
Don't front boy, you remember all the lies  
(You told me...)  
Baby I just gotta make you mine  
You're fine, yeah, you know that you's a dime  
So don't waste my time, be here by... NAAAAAH!!!  
[Chorus: LaCrisha] + (Roscoe)  
Scodie, Scodie (Whassup?)  
Why you act like you don't know me?  
Why you actin like you don't (Say what?)  
After all the things you told me last night (Haha)  
Last night, last night  
Last night (Last night)  
(Yeah, yeah, last night)  
[Outro: Roscoe] + (LaCrisha singing in the background)  
Yeah, last night  
Why you act like? Scodie why you act like?  
Why you act like? Scodie why you act like?  
Why you act like? Scodie why you act like?  
I don't know baby  
Baby, I don't know baby, haha  
Yeah, yeah, real bigg  
Why you act like? Why you act like?  
Scodie why you act like?  
Haha, yeah

Y.A., yeah, yeah  
Y.A., yeah, Y.A  
C'mon, Y.A., we out  
Yeah, yeah, yeah..
