Yeah baby, I hope your thirsty  
'Cus this is another one of those  
Young Roscoe the sodo LT Hutton concoction, toxins

Roscoe Tabascos the sodo know  
With hits like these I will never go broke  
17, no longer seldom seen  
I'm takin' over every spring every magazine

I go through with a limp limpin', big pimpin'  
No simpin', YA  
Bumpin', shufflin' through the highway  
You rollin' with me, we gone do it my way

Crispy khaki sag down to the mud  
Twist a zig zag and smoke with ya boy  
'Cus I just love smokin' bud  
Take a big drag and smoke with ya boy

Phony cat, blow me back  
Scodie mack, he can't hold me back  
Ladies strip and make this half an hour  
Drive work to trip, I wanna see y'all

Shake, shake, shakedown  
Shake, shake, shakedown  
Shake, shake, shakedown  
Shake, shake, shakedown

Shake, shake, shakedown

Verse two, patience is a virtue  
But not when young the sodo swerve through  
Like her, her and her too  
Young doin' it live with no curfew

Why hop drop in a drop top roll with the top dropped  
To get ya pop popped boom  
Blow me down dot com

Whenever you find time log on

Bustas want beef, must not value front teet  
Please believe I leave you gon  
I came in the door, said it before  
Tryin' to have fun what you tweakin' on?

YA for life we locked out, no doubt  
Scoe dizzle where my nizzle fo shizzle  
We're all young and we're all off the hizzle  
With LTizzle with Hizzle

My two way's full of emails from gullible females  
I pimp to only charge retail  
Now shake, shake, shake, shake, shake, shake  
I hate snakes and fakes

[Unverified] apartment, watch the carpet  
Take it off, now throw it in the close  
We gone get this party started  
Done forget that we're starvin' artist

I get it crackin', constantly mackin'  
Tryin' to get the whole world finding me rappin'  
So when I drop that, cop that  
Now ain't no spoof for tryin' to recoup

Catch me rollin' in a '63 coupe, OG like Snoop  
Sick with the flow, gettin' rich with flow  
Grabbin' my D with the flow, c'mon now

Shake, shake, shakedown
