El Stupido Road

When you first come into this town, you got your love
on a higher ground.

Then all you see is this shadow of a man lookin'™
down at a dollar in his hand.

That's™ such a dumb way to godown El Stupido
Road

That's™ such a dumb way to godown El Stupido
Road

She said, "It all seems like some big parade."
"Look at all those people just march and keep
time."

I said, "Honey the tongue is just a lick-em aid."
Hot tongue... It's a Hot tongue.. on the young
mind... Young mind.
Whistle.....

She said, "You're talkin'™ to me much too
fast. Slowly we might find the answer."
I said, "Hon, just kiss me once and make it last."
Hot tongue... It's a Hot tongue.. on the young
mind... Young mind.
It's™ such a dumb way to godown El Stupido Road.
Whistle.....

Inst.
Hot tongue... It's™ such a Hot tongue.. on the young
mind... Young mind.

It's™ such a dumb way to godown El Stupido Road
It's™ such a dumb way to godown El Stupido Road.
Whistle.....
