Somebody's gonna  
pick you up  
let you down  
be your judge  
be your clown  
Somebody's gonna  
read your mind  
play your game  
cheat you blind  
call your name  
Somebody's gonna  
set you free  
make you pay  
let you be  
walk away  
Somebody's gonna  
take you on  
make you tough  
love you good  
but that won't be good enough.in.  
Somebody's gonna  
tell you some story  
sell you some song  
hit you right between the eyes  
& in the morning when you wake  
you'll be right where you belong.  
I know, you know I feel , you feel It's in your  
eyes.  
(no secrets tonight)  
You understand a love that is longer than goodbye.

Watching you walk away now as I smile through these  
tears in my eyes  
Leave what you know is real with love as the reason  
why.

Somebody's gonna  
tell you lies  
share their fries  
make you think  
think you stink

Sometimes youÃ¢â€Œ!  
Ã¢â€Œ!leave too soon  
Ã¢â€Œ!stay too long  
Ã¢â€Œ!hope you're right  
Ã¢â€Œ!even though you know

Some peopleÃ¢â€Œ!  
Ã¢â€Œ!gonna shake their heads  
Ã¢â€Œ!gonna ask you why  
Ã¢â€Œ!gonna hold you down  
Ã¢â€Œ!let you fly

Some nightsÃ¢â€Œ!  
...you just can't sleep  
Ã¢â€Œ!Some days you never win  
Ã¢â€Œ!Sometimes you fall in love  
Ã¢â€Œ!Sometimes you get dragged in.

SomewhereÃ¢â€Œ!  
in the middle of this moment  
Somehow captured in time  
Some day a memory of how we said goodbye  
Those thoughts and those feelings  
You with yours and I with mine.  
I know, you knowÃ¢â€Œ! I feel , you feel It's in your  
eyes. (no secrets tonight)  
You understand a love that is longer than goodbye.
