Everywhere I Look  
Something Always There.  
Open as a Book  
Fingers through your hair.

I Know what you want.  
I Know what to do.  
Secrets of the Deep  
I'll be there for you.

Everywhere I go  
Everyone I meet  
They all want to know  
About your hair so sweet.

I Know what they want.  
I Know what To Do.  
Secrets of the Deep  
I'll be there for You...  
I'll be there for You.

Secrets of the Deep  
Love that Knows No End  
As we push apart  
We grow stronger then.

I Know What You Want.  
I Know What To Do.  
Secrets of the Deep  
I'll be there for You.
