Into-

(I want to get high, so high [x3])

I cop shit they never get

My synopsis is win no other option

Often underrated overpatient it's all good

On vacation in locations they wish they all could

That's as far as I got

Inhale It's me and you

2 Point O

Scoe!

[Verse 1]

I prayed all my life one day I'd Find somebody like you

And when I opened up my eyes the only thing on my
mind was you

I know it may seem strange, but some things in life ya
can't change

I know I know, Obama said, but I'm positive we were
made

For each other, Cause no other

Makes me feel like you do girl it's true

I put that on my Mother, As your lover

Raise my hand girl I solemnly swear

To be the kick to your snare

To be the clouds in your air

Together we can do anything

We seen plenty things in our years

Can't nobody understand

Without you theres no life, on god

So if loving you is wrong, then I don't wanna be right

It's me and you for life

Don't need no backups, no options

We A-1 and they watching

Big girls need love too, now they mad as hell they ain't
got one

[Hook]

I'm feenin, I'm feenin

I need it in the mornin' time

In the evenin', the evenin'

Two times to go to bed

To leave her, to leave her

Would be suicide

It's you and I, Sativa, Sativa

[Leggo!]

It's somethin' bout your love I swear it's got me goin'

crazy

God done put you on this earth with me now look what
we created

I don't need nobody else but you

I swear girl, you my baby

So it's me and you until the end

No ifs, and, but, or maybes

[Verse 2]

You been in love befo'

I been with other hoes

But don't none of that matter today [Na!]

We living in holy matrimony

Before we amen bow our heads let us pray [Go!]

I do, Take you

Like the lines on a new tattoo

Through the good, bad, and untrue

I still spend it all on you

My addiction, no friction

She keep my attention

I'm gone off her pulp seed, she blurrin' up my vision

Now all these niggas be wishin'

They could break it down like I do

Fore' I take her down like I do

Now she got love for me and my crew

Shit, and I wonder what we gon' do on our honey moon

I wonder what we gon' do on our honey moon

We should ball out, splurge a little

We gettin' money soon

It's funny when the love of your life is right in front of
you

[Hook]

I'm feenin, I'm feenin

I need it in the mornin' time [Background: The whole
time... HA!!]

In the evenin', the evenin'

Two times to go to bed

To leave her, to leave her

Would be suicide

It's you and I, Sativa, Sativa

[Leggo!]

It's somethin' bout your love I swear it's got me goin'

crazy

God done put you on this earth with me now look what
we created

I don't need nobody else but you

I swear girl, you my baby

So it's me and you until the end

No ifs, and, but, or maybes
